

STATEMENT REGARDING COVID-19

PHI'S NUMBER ONE PRIORITY IS THE SAFETY OF ITS VISITORS AND EMPLOYEES. IN ADDITION TO THE EXISTING HYGIENE PRACTICES THAT ARE PART OF OUR DAILY OPERATIONS, WE ARE IMPLEMENTING ADDITIONAL SANITARY PRECAUTIONS TO ENSURE A HEALTHY ENVIRONMENT.

Here are the preventative measures currently in place:

- Cancellation of VR experiences until further notice;
- Disinfection of all devices handled by the public after each use;
- Cleaning of door handles, handrails and communal surfaces every 2 hours;
- Hand sanitizer is made available to visitors;
- More frequent cleaning of all common areas.

Individual measures:

- Please wash your hands frequently.
- If you have any symptoms, please make an informed choice about your participation in our experiences.

We are monitoring the situation daily and are following the recommendations of Health Canada and the Government of Quebec.
