

## **HEALTH MEASURES PHI RESIDENCIES - NORTH**

Protecting your health and the people around you.

In case of fever and other symptoms associated with COVID-19, if you have been out of the country for less than 2 weeks or have been in contact with someone who has COVID-19, please advise us so that we can try to adjust the dates of the residency.

Distancing, hand washing and wearing a mask during a group session is mandatory.

### **A safe environment**

Our coordinator will be ready to welcome you on the premises designed and arranged in a way that ensures a safe, healthy and comfortable environment. Everything is set up to provide both peace of mind and an enriching experience, all while respecting the protocol drawn up by Public Health authorities.

A couple of hydroalcoholic gel bottles have been placed at the disposal of the artists

The number of people on our premises is limited according to Public Health guidelines. In addition, artists are encouraged to apply a physical distance between themselves in common areas. This measure is applied notably through various visual communications and the presence of the technician on staff.

### **KEEPING AREAS CLEAN**

We encourage artists to wash their hands regularly, wipe down and disinfect surfaces and door handles as much as possible.
